PROJECTS

Interactive Resume | React.js, Tailwind CSS –

- Developed and deployed a dynamic web-based resume with an interactive UI, highlighting personal skills, experiences, and projects for recruiters.

Recipe Book App | React.js, Tailwind CSS, LocalStorage –

- Built a full-featured recipe manager with search, add, and filter functions.
- Integrated authentication and responsive UI for seamless user experience.

Portfolio Website | React.js, Tailwind CSS –

- Designed and deployed a modern, responsive portfolio to showcase skills and projects.
- Enhanced interactivity and user engagement with smooth animations.

Cruise Ship Management System | JavaScript, React.js, Node.js, Express.js, Django, MongoDB –

- Developed a comprehensive cruise management platform for bookings, scheduling, and passenger data.
- Implemented secure role-based access for Voyager, Admin, Manager, Head-Cook, and Supervisor.
- Streamlined operations with scalable modules for online ordering and resource management.

Weather App | React.js, REST APIs –

- Created a real-time weather app using React.js and REST APIs, providing live updates for any location with a responsive interface.
