About Me

I am a motivated and career-focused BCA student with a strong foundation in full stack web development. Proficient in modern technologies including HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, Python and Django, I have built several real-world projects showcasing both frontend and backend skills. I thrive in collaborative environments, adapt quickly to new technologies, and am passionate about solving real-world problems through code. I am now seeking an opportunity to join a dynamic company where I can contribute my skills, learn from experienced professionals, and grow as a software developer.
